SUPPLEMENTARY INFORMATION:

Background

These final regulations amend the Employment Tax Regulations (26 CFR part 31) under section 3306(r)(2). Section 3306(r)(2) was added to the Internal Revenue Code (Code) by section 324 of the Social Security Amendments of 1983 (1983 Amendments). Section 2662(f)(2) of the Deficit Reduction Act of 1984 (DEFRA) amended section 324 of the 1983 Amendments.

Notice 94-96 (1994-2 C.B. 564) provides that until final regulations are issued, the IRS will not challenge an employer's determination of FUTA tax liability with respect to a nonqualified deferred compensation plan for periods before the effective date of any final regulations if the determination is based on a reasonable, good faith interpretation of section 3306(r)(2). On January 25, 1996, a notice of proposed rulemaking (EE-55-95), under section 3306(r)(2) was published in the **Federal Register** (61 F.R. 2214), providing guidance related to the

FUTA tax treatment of amounts deferred under or paid from certain nonqualified deferred compensation plans. On December 24, 1997, a notice of proposed rulemaking (REG-209484-87 and REG-209807-95), under section 3306(r)(2), extending the proposed general effective date of the regulations to January 1, 1998, was published in the **Federal Register** (62 F.R. 67304).

Comments regarding the proposed regulations were received from the public, and on June 24, 1996, the IRS held a public hearing concerning the proposed amendments. After consideration of the public comments received and the statements made at the public hearing, the proposed regulations are adopted as revised by this Treasury decision.

Explanation of Provisions

These final regulations provide guidance under section 3306(r)(2), relating to when amounts deferred under or paid from nonqualified deferred compensation plans are taken into account as wages for FUTA purposes. These rules are substantially similar to the rules applicable to the FICA (Federal Insurance Contributions Act) tax treatment of such amounts deferred under section 3121(v)(2). Thus, these final regulations cross-reference the final regulations under section 3121(v)(2) (FICA tax treatment of nonqualified deferred compensation), published elsewhere in this issue of the **Federal Register**.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in EO 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the notice of proposed rulemaking was issued prior to March 29, 1996, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, the notice of proposed rulemaking preceding these regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Drafting Information

The principal authors of these regulations are Janine Cook, Linda E. Alsalihi, and Margaret A. Owens, Office of the Associate Chief Counsel (Employee Benefits and Exempt Organizations). However, other personnel from the IRS and Treasury Department participated in their development.
